

Dear Student, parent, friend.

Davebrons.com has been trading as a business for a year now. I thought I'd write a letter to inform you what has been going on recently.

Student Success!

I have really enjoyed teaching. I now have about 12 Students on the books.

There have been some real highlights.

One of my students, Paul Booth left school with no qualifications. He passed his Grade 5

bass guitar earlier this year. This enabled him to get into Leeds College of Music.

Another of my students Kev Moore, passed his Grade 8 guitar (the highest grade you can get) Well done Kev.

Studio Construction

I built a teaching/ production studio in my garage. Thanks to my Dad for all the building work and the loan of the money to get it done!

Production Work.

I am in the process of finishing 4 albums. I have really enjoyed the challenges and the rewards of this process, not to mention getting paid for doing what I love!

I have produced a metal album for rock band Sneek. I have arranged and recorded an album of covers for a young singer called Beth. I have produced a compilation album for The Lighthouse Group. I am also producing and arranging an album in the style of Evanescence / Linkin Park for singer songwriter Gary Ward.

Touring,

I went on tour to Singapore to play for Graham Kendrick again this year, where I had the privilege of teaching guitar and band master classes. It was a really brilliant experience.

Tuition Video

I released a guitar tuition video in collaboration with Syrop productions, called "Mastering Lead Guitar". It is a dream come true to release my own video.

Baby Boom!

My first baby is due in September. This will be another huge and exciting episode in my life.

Thanks to all the students, musicians and friends who have made this year so brilliant.

Special note to my students, I am going to Peru for two weeks I will be available to teach again on the 21st of August.

Dave Brons.
